Re: **Enforcement report memo**

Good evening commissioners. We have received 99 3-1-1 complaints since our last commission hearing on September 15th. I have one update tonight, please let me know if you have any questions.

Monkeybrains – Notice of Violation

My only update tonight is about Monkeybrains located at 933 Treat St. who held a One-Time Indoor Event permit with our office on Saturday, September 19th. We received 3 sound complaints about their CLARO event held last Saturday that took place inside of Monkeybrains. Inspector Adams responded to the complaints that day at 9:29pm and as he was walking up to the building, he could hear the band that was performing inside. He noted that the door was closed as planned, however, an internal sound measurement showed the band operating at 106.3dBA/114.2dBC, which was far exceeding the approved sound limit of 94dBA/100dBC. Inspector Adams spoke to the sound engineer who apologized but did not appear to be monitoring the volume of the band. Monkeybrains was issued a Notice of Violation (NOV) on September 23rd for exceeding the approved sound limit.
