Re: **Enforcement report memo**

Good evening commissioners. We have received 68 3-1-1 complaints since our last commission hearing on October 20th. I have one update tonight, please let me know if you have any questions.

Sidepiece – Notice of Violation

My only update tonight is about a One-Time Event that was held at Gold Bar Whiskey, located at 1 Avenue of the Palms on Treasure Island. The event was produced by DJ Dials, and on Saturday October 24th we received 5 sound complaints. Inspector Adams visited the event and took a sound measurement at 7:37pm which showed the volume of the DJ to be at 94.9dBA/119.3dBC, while the approved sound limit is 90dBA/110dBC for this and past events. While onsite Inspector Adams worked with a sound engineer and was able to reduce levels into compliance. Following the Notice of Violation, the event producer has taken steps to improve coordination with the sound team and establish more direct and consistent communication with Entertainment Commission enforcement staff. The permit holder was issued a Notice of Violation (NOV) on October 27th for exceeding the allowable sound limit.
