Subject: Slides to highlight from the April 2024 Monthly Data Report, prepared for the 6/12/24 Juvenile Probation Commission meeting

In alignment with today's discussion of Juvenile Hall, the Juvenile Probation Department would like to direct your attention to the following slides from the April 2024 Monthly Data Report:

JH Chart 1.2: Average & Peak Population (slide 7)

- The average daily population (ADP) in April was 25 youth, and the peak population was 28.

JH Chart 2.1 – 2.4: Average Daily Population by Details (slides 9 – 12)

- Girls accounted for 8% of the ADP in April.
- Youth of color accounted for 96% of the ADP in April.
- Young adults ages 18 and older accounted for 29% of the ADP in April.
- Youth committed to Juvenile Hall or Secure Track accounted for 36% of the ADP in April.

JH Chart 4.1 & 4.2: Admissions by Details (slides 17 & 18)

- There were 30 admissions in April, 70% of which were mandatory.
- Most of the mandatory admissions were due to new law violations (76%).
 - New law violation: youth age 14 or older was arrested for personal use of a firearm in the attempt or commission of a felony or any offense listed in WIC 707(b).
- The 9 non-mandatory admissions were due to felony firearm offenses (5) and a lack of non-secure options available (4).

JH Chart 3.1: Average Length of Stay for Detained Youth Released (slide 14)

- The median length of stay for detained youth released decreased to 5 days in April.
- The median length of stay for youth in custody at the end of the month was 25 days for detained youth and 536 days for committed youth in April.
