### Project Description

The San Francisco Municipal Transportation Agency (SFMTA), proposes to redesign Winston Drive between Lake Merced Boulevard and Buckingham Way to install a new two-way Class IV protected bikeway on the south side of the street. The project would also implement transit and curb management improvements, including the establishment of tow-away no stopping zones on both sides of Winston

Drive, conversion of existing Muni flag stops into bus zones, construction of two new transit boarding islands, installation of a center-running double left-turn lane, and removal of 71 on-street parking spaces. The proposed project would enhance bicycle safety, and improve transit reliability.

## Determination

The City and County of San Francisco decided to carry out or approve the project on September 2, 2025, when the SFMTA Board of Directors approved the project. The project was officially approved on October 2, 2025, when no appeal of the statutory exemption was filed during the 30-day appeal period. A copy of the documents may be examined at the Planning Department, 49 South Van Ness Avenue, Suite 1400, San Francisco, CA, 94103 in file no. 2025-003286ENV.
