

City and County of San Francisco
Commission Streamlining Task Force
Decision Log

10/2/2025

Proposition E, approved by San Francisco voters in November 2024, established the Commission Streamlining Task Force. The Commission Streamlining Task Force is responsible for making recommendations to the Mayor and Board of Supervisors in early 2026 about ways to modify, eliminate, or combine the City's appointive boards and commissions to improve the administration of government

This document records the decisions made to date by the Commission Streamlining Task Force. The "Templates Decisions" table captures the Task Force's decisions on the structure of bodies, such as the appointing authority and sunset dates, for the different kinds of bodies. The "Decisions on Public Bodies" table captures the Task Force's decision to keep, modify, or eliminate a body or defer the decision to a later meeting. Legislation necessary to effectuate these changes will be discussed at subsequent meetings in 2026.

Members of the public are encouraged to submit written comments by emailing CommissionStreamlining@sfgov.org. Such comments will be made part of the official public record and will be brought to the attention of the Task Force.

Members of the public may also request to be added to the Task Force's mailing list by emailing CommissionStreamlining@sfgov.org with the subject line "Add to mailing list" and including their name in the body of the email.
