

City and County of San Francisco
Commission Streamlining Task Force
Decision Log

11/21/2025

Proposition E, approved by San Francisco voters in November 2024, established the Commission Streamlining Task Force. The Commission Streamlining Task Force is responsible for making recommendations to the Mayor and Board of Supervisors in early 2026 about ways to modify, eliminate, or combine the City’s appointive boards and commissions to improve the administration of government

This document records the decisions made to date by the Commission Streamlining Task Force. The “Templates Decisions” table captures the Task Force’s decisions on the structure of bodies, such as the appointing authority and sunset dates, for the different kinds of bodies. The “Decisions on Public Bodies” table captures the Task Force’s decision to keep, modify, or eliminate a body or defer the decision to a later meeting. Legislation necessary to effectuate these changes will be discussed at subsequent meetings in 2026.

Members of the public are encouraged to submit written comments by emailing CommissionStreamlining@sfgov.org. Such comments will be made part of the official public record and will be brought to the attention of the Task Force.

Members of the public may also request to be added to the Task Force’s mailing list by emailing CommissionStreamlining@sfgov.org with the subject line “Add to mailing list” and including their name in the body of the email.

55	Application of templates:			
56	All	Memorializing templates in the future	Do not mandate any template elements in the Charter. Templates will simply be memorialized in the TF’s final report.	11/19/2025
57	All	Term lengths	Apply new term lengths once an existing appointee has reached the end of their current term. New term lengths will apply then.	11/19/2025
58	All	Terms	Make sure 5-member decision-making bodies have staggered terms.	11/19/2025
59	All	Terms	For individuals currently serving, past service will count as no more than 1 term regardless of length of that service. For future individuals appointed to fulfill a portion of a term, we apply the existing rounding up provision that applies to elected officials’ term limits.	11/19/2025
60	All	Term limits	Term limits are lifetime by body (but not individual). After 12 years of cumulative service, people can be appointed to a different body but cannot be re-appointed to the same body even with a gap in service.	11/19/2025
61	All	Terms	Apply the 60-day holdover provision to apply to all decision-making and advisory bodies	11/19/2025
62	Decision-making	Terms	Extend the current Charter prohibition on members seeking elected office to all decision-making bodies, but not advisory bodies	11/19/2025
63	Decision-making	Minutes	Extend Charter requirement to maintain minutes to all decision-making bodies	11/19/2025
64	Family Violence Council (FVC)	Update to FVC	The Mayor's Office of Victim Rights has intended to submit their own FVC legislation. The Task Force decided to keep language in its own ordinance about the FVC unless and until the Board of Supervisors passes a separate piece of legislation.	11/19/2025
65	Advisory	Naming Convention	Rename any advisory body named “commission” as “council” (with some exceptions, including but not limited to the Film Commission and the Commission on the Status of Women)	11/19/2025
66	Governance bodies with 5 members	Term staggering	Only 1-2 seats should expire every year	11/19/2025
