Hi,

I want to add my voice to the many local Union workers in the motion picture industry who depend on the work of the SF Film commission. My livelihood absolutely depends on the regular flow of Union productions in Film, Television and Commercial video to San Francisco. It takes a substantial amount of work to promote our city as an attractive real life location and we have a treasure trove here of longtime Union skilled crew in all of the crafts. Many other industries outside of entertainment benefit by proxy when productions come to town, and SF tourism also gets a boost.

Please support the Film Commission's mission with a concerted investment toward our industry's future.

Best,
Lisa Patnoe
