Hello Commissioners,

I'm reaching out to highlight that:

The Metropolitan Transportation Commission (MTC) requires that local entities review and approve projects seeking Transportation Development Act Article 3 (TDA3) funds for bicycle and pedestrian improvements through their respective local Bicycle Advisory Committees.

<https://mtc.ca.gov/funding/regional-funding/tda-sta/bicycle-pedestrian-funds-tda-3>

Best regards,

Adrienne Mau

Thank you I also want to confirm the reason that I sent this is because the commission voted to remove the SFMTA's Bicycle Advisory Committee and the Metropolitan t Commission requires it. So further investigation is needed on how often TDA3 funds are distributed.

Best,

Adrienne
