Subject: Keep the Immigrant Rights Commission Independent and Remove the 3 Year Sunset Date

Hello,

I am an SF resident concerned with the task force's recommendation to include a 3-year sunset date to the Immigrant Rights Commission. As we face uncertain times, this body is critical for our immigrant communities to have a seat at the table.

The Immigrant Rights Commission has played a vital role in representing immigrant communities in San Francisco by influencing policies, enhancing language access, and ensuring city services are accessible to all residents, regardless of immigration status.

Please keep the Immigrant Rights Commission independent and remove the 3-year sunset date.

Thank you,
Elizabeth
