Hello Commission Streamlining Task Force,

I am very concerned about the task force's proposal to combine the *Human Services* and *Disability & Aging Commissions* as well as the *Dignity Fund Oversight* and *Working Group*.

These proposed changes would weaken accountability for the services that protect and support seniors and disabled people in SF.

PLEASE:

- Keep the Disability and Aging Commission in its current role as Governing Body.
- Keep the Dignity Fund Oversight and Advisory Council in its current role as an advisory body.
- Keep the Disability and Aging Advisory Committee as a federally required advisory body.

As a long-time senior and disability advocate I know how important these governing and advisory bodies are to keeping up with and advocating for all that is needed for our communities. They are essential for us in their present states and should not be merged or eliminated!

Do not make these destructive changes.

Thank you,

Betty Traynor
Board member, Senior and Disability Action
