Hello,

I am contacting you today to encourage you to keep the SF Youth Commission. As a collaborator with the Youth Commission and a supervisor of another youth-driven organization, I know firsthand how important a role they serve. I would like to suggest that any considerations that impose a sunset date, remove youth seats, or implement term limits be rejected. Youth commissioners should be able to continue receiving compensation for their public service, and any language prohibiting them from being compensated should be removed. The work that they do is invaluable. Having youth work and learn alongside us is the best way to ensure we have a vibrant future, so the Youth Commission needs to be protected. Thank you,

Ryan Lemon
