Good Afternoon, Project Commotion asks you to protect and maintain the Service Providers Working Group. I have been a member of SPWG for the past 5 years and it has been **a vital space for community voices to be heard** as well as a place to receive information and collaborate. SPWG was written into the Charter to guarantee that those closest to San Francisco's youth and families have a voice in shaping decisions that affect them. **If compliance is in question, it should prompt collaboration, not elimination.** We urge the Task Force to partner with SPWG and identify a path that keeps community voices strong while meeting transparency standards. Thank you,
