Dear Commission Streamlining Task Force,

I'm writing to urge you to keep the Commission of Animal Control and Welfare. It's San Francisco's only public body dedicated to protecting animals and making sure their interests are represented in city policy.

The Commission offers something truly vital—a public forum where community voices can be heard, and where transparency and accountability are upheld. A department alone can't fill that role. Please don't take away the one place in City Hall where compassion for animals has a seat at the table.
