Please do not eliminate the Commission of Animal Control and Welfare. It's San Francisco's only body dedicated to animal protection and its volunteer commissioners care deeply about the wild and domestic animals of SF. This Commission has led vital progress on Zoo Animals and examines important subjects like cat declawing, a ban on cruel glue traps, and harsher penalties for the live markets (exposed by Animal Outlook nationwide earlier this year.)

We need to keep this committed body working for the voiceless.
