Dear Task Force,

I am very surprised and appalled, actually, that you are considering the elimination of the Animal Control and Welfare commission. This body is the voice of the animals in San Francisco, including domestic and wildlife.

It is dedicated to advocating for the protection and the well-being of animals - in the city of St. Francis! Hello!

I don't understand what the benefit of losing the commission would be; all the commissioners are volunteers. They investigate situations and make recommendations all on their own time, for the benefit of the public and the animal population of the City.

Please keep the Animal Control and Welfare Commission as it exists now.

Thank you,

Anne Bingham  
District 11
