Dear Commission Streamlining Task Force,

I'm writing to express my strong support for keeping the Commission of Animal Control and Welfare.

As a volunteer at the San Jose Animal Care Center and a nursing student at the University of San Francisco, I've seen how deeply animal welfare connects to community health and compassion. The Commission provides a vital platform for the public to raise concerns, helps shape humane policies, and promotes awareness about the well-being of both companion animals and wildlife in our city.

Eliminating the Commission would silence an important voice for animals and the people who care for them. At a time when empathy and collaboration are so needed, San Francisco should continue to lead by example in protecting animals and promoting responsible, compassionate practices.

Thank you for your time and consideration.

Sincerely,

Darya Ganji

Volunteer, San Jose Animal Care Center
Nursing Student, University of San Francisco
