Dear Members of the Commission Streamlining Task Force,

As the Bayview CAC Vice Chair, I'm writing to express my strong support for **keeping the Bayview Citizens Advisory Committee (Bayview CAC)** as an active and independent advisory body.

I was appointed by the the City Administrator's office, and as someone who's been on the Bayview CAC for a decade, I have seen the committee play a critical role in ensuring that community voices—especially those from historically underserved areas—are included in decisions related to land use, development, environmental concerns, and economic change in Bayview–Hunters Point. The committee provides essential oversight, fosters transparency, and strengthens trust between residents and the City.

Removing or consolidating the Bayview CAC would diminish meaningful community participation at a time when inclusive engagement is more important than ever. Bayview residents deserve a dedicated forum that represents their unique needs, history, and priorities.

I respectfully urge the Task Force to **retain the Bayview Citizens Advisory Committee** within San Francisco's advisory structure.

Thank you for your consideration and for supporting transparent, community-centered decision-making.

Sincerely,

Tim Chan
Bayview CAC Vice Chair
Silver Terrace/Bayview
