

# West Field Garage 2

Civic Design Review Committee - Phase 2: Design Development

Austin-Webcor JV | Corgan-Kuth Ranieri JV

02.19.2026

# Project Evolution

---

# Campus Site Plan

- West Field Garage 2 (WFG2)
- Phase 1 Projects
- Phase 2 Projects

# Aerial View – from Southwest

---

# Key Design Elements of WFG2

---

## EXPERIENCE

The ceiling treatment, including at the lobbies brings warmth to the building

## PLACEMAKING

The metal panel frames add consistency to the built edge of the campus heart

## PERFORMANCE

Low carbon concrete and efficient parking layouts reduce the garage's impact

## COMMUNITY

The covered walkway is an extension of the campus heart with shelter from rain

# Public Art – Opportunities

Courtyard:  
Phase 1, Medium Scale, Experiential

Example:  
Clover by Kuth Ranieri + Branch  
Technology

Campus Heart:  
Phase 2, Large Scale, Monumental

Example:  
Conquest of Space by Rufino  
Tamayo

AirTrain:  
Phase 2, Large Scale, Architectural

Example:  
We Will Walk Right Up To The Sun  
by Sarah Cain

# Kinetic Facades System

# Campus Heart Character & Activation

# Campus Heart Plant Palette

---

The conceptual plant palette for the Campus Heart blends West Field's existing succulent-focused vocabulary with colorful grasses and perennials that are primarily native to California.
