PS Chart 1: Referrals to Probation & Diverted Referrals

- Description
 - PS 1 provides statistics about the number of referrals to Probation and the number of diversion referrals each month. As of April 2024, diversion measurement now reflects referrals to diversion programs rather than intakes.

 - Counseled/referred & closed referrals and diverted referrals are included in the total number of Probation referrals.

Diversion Glossary

- Diversion is an alternative to the normal juvenile justice system. There are diversion opportunities at every stage of the juvenile justice process. Probation may divert a young person rather than investigating the case. The District Attorney may divert a case rather than filing a petition. The Court may divert a case rather than adjudicating the case. If a young person's case is diverted, they will have the opportunity to complete a program. If successful, the young person may avoid going to court or getting a petition or a disposition.

Diversion	Definition
Counseled/Referred & Closed	JPD counsels the youth and their caregiver, takes no further action on the case, and the case is closed. This is distinct from diversion because there is no expectation to meet in order to close the case. Only certain cases referred to JPD are eligible to be counseled and closed. This can include misdemeanors cases for out-of-county youth, which are referred to the youth's home county.
CARC Diversion	Youth is diverted to CARC at arrest. The young person does not complete an intake with JPD. If the young person completes their CARC case plan, the case is not referred to the DA for prosecution. Most misdemeanors are eligible to be diverted to CARC at point of arrest, with the exclusion of traffic referrals, out of county transfer-in citations, and 707(b) offenses. Cases that are not eligible for diversion, including felony citations, may also be referred to CARC for support and services during the court process.
JPD 654 Diversion	Youth is cited to JPD at arrest and is diverted by JPD either back to CARC or to another program pursuant to Welfare & Institutions Code 654. If the young person completes their case plan, the case is not referred to the DA for prosecution.
SFDA 654 Diversion	Youth is cited to JPD at arrest and the case requires a referral to the DA pursuant to Welfare & Institutions Code 653.5(c). The DA instructs JPD to divert pursuant to Welfare & Institutions Code 654. If the young person completes their case plan, the case is not prosecuted.
SFDA Pre-Filing Diversion	Youth is cited to JPD at arrest and the case requires a referral to the DA pursuant to Welfare & Institutions Code 653.5(c). The DA diverts the case to Make it Right, UCAP, or AFTER prior to filing charges. If the young person completes their case plan, the case is not prosecuted.
