Hard of Hearing

Best Way to Communicate Today?

Please point to your preferred option

Video Interpreter (ASL)

Connect with a sign language interpreter using video.

Live Transcribe

Provide live transcription so the individual can read along in real time.

Text/Writing

Communicate by writing messages.

Gestures/Pointing

Use gestures or visuals to support communication.

Notes/Phone Text

Use notes or typed messages on a phone.

Communication accommodations are provided at no cost.

Employee Instructions

If the individual requests sign language communication or live transcribe services, connect immediately using **InsightApp** or **department-approved VRI providers**.

Do not rely solely on lipreading, gestures, or writing if an interpreter or transcribe service is requested.

Need Interpretation in Another Language?

Interpretation services are available at no cost.

Scan the QR code on the visual communication card to view available spoken languages.
