SF Public Health Foundation	3/17/2026	In-kind	\$ 188.00	Contractor	Side guards to repair a Quickie wheelchair for a paraplegic patient. Patient has a new chair on order but requires this older chair as well for mobility on 2 different floors of his home, as he cannot carry the chair between floors. Current broken guards cause risk for wounds and challenges for positioning per Health at Home OT eval. Item available on DME.hub website for \$94 each. https://www.dmehub.net/checkout . It also appears on the Southwest Medical website for \$139 each. We are not requesting use of a specific vendor if SFPHF has a preferred vendor. This item is not available on Amazon. This is a specialty item for an older model wheelchair, so many of the side guards on other websites are for newer model chairs. The chair model number is GP96502. The part numbers are 881153 (left guard) and 881152 (right guard).
