

A: Organizational Background & Cultural Responsiveness

Organization Name	Service Area	Total Score	Category Score	Optional Rationale
A Living Library	Youth Development & Education	89	27	This section laid out clearly the applicant's history, mission, and track record. However it did not go into much detail about how the community it serves is marginalized. There was a mention of communities that historically have experienced environmental injustice, but it doesn't go into detail what those injustices are, how they have affected the OMI/Excelsior Communities, and how this project would support young people reclaiming their community land. While it could be assumed what these details are, the proposal cannot be scored based on assumptions, but rather what is written.
