- The Task Force made suggested changes to the Commission (such as moving the Commission under an administrative code, enacting term limits, renaming the commission, and revising certain requirements for Commissioner seats).
- Part of the Commission's power is providing a platform for the community to bring relevant animal issues to the forefront.

Public Comment:

- A community member shared how impressed they were with the public support and certain letters that were particularly powerful.
- A community member highlighted how people were mobilized for the Task Force hearing but would have loved to see more engagement for other issues (like the proposed glue trap ban).

The Commission unanimously voted on the following appointments:

Chair: Michael Angelos Torres

Vice Chair: Irina Ozernoy

Secretary: Mikaila Garfinkel

C. Reporting from Animal Care & Control [Discussion Item] [Commissioner Torres and Deputy Director Amy Corso]

- There was a cat that was brought to SF ACC that came all the way from Idaho and was reunited with their guardians.
- The ACC is pushing to amend the Health Code requirement for all dogs in San Francisco to be spayed and neutered. This would come with some exceptions, such as show dogs.
 - Commissioners discussed ways to support this Health Code change, such as voting on it in a future meeting.
- Currently there are no requirements for cats to be spayed and neutered.
- Commissioners inquired if during “clear the shelter months” or if after the holidays, there is an increase in intake. Corso shared she is not aware of any intake increases around this time.
