The Art and Crafts Vendors Advisory Committee will only evaluate two types of crafts per meeting. If you would like them to evaluate additional crafts, you will need to submit a new application after two have been approved. How many types of crafts does the application refer to? For example: beaded jewelry and watercolors on canvas are two crafts; hanging ceramics and ceramic bowls are one craft (ceramic items).

Please list the artwork or craft that will be evaluated.

Are you currently an art seller who now offers additional crafts?

A family unit consists of two (2) or more people jointly engaged in the creation of art or handcrafted items. Is this an application for a family unit?

Artist Biography (Write a brief biography of yourself and your craft):

1. Describe the items you plan to sell and how you make each type of item. Include as many details as possible. Example: I plan to sell digital photo prints of artwork I designed in Illustrator and printed on cardstock using a custom printer.

2. Where did you learn your craft? Did you take a class or learn on your own?

Please submit up to two images of your crafting process. The images must include you demonstrating the process. See an example here.

Please submit up to two images of your finished artwork. The images should show examples of what you plan to sell. See an example here.

I am submitting the application for only one work of art or craft.

My name is Evelyn, originally from Guatemala. I am a mother of four. Since I was a child, I have enjoyed sewing by machine. I worked for many years in a clothing factory where I learned to use industrial machines.

Pet clothing: I draw my designs on cardboard, then transfer them to the fabric to cut them out, then I pin them together for the corsets.

I learned in my country, Guatemala.
