

CONCRETE BUILDING SCREENING PROGRAM
COMPLIANCE STATUS (AS OF 03/24/2026)

The building list may be updated as additional information becomes available. Submission status may change if submitted information is determined to be inaccurate. Each building is unique; inclusion on this list does not necessarily indicate that a building is at greater risk than others constructed during the same period. If you have questions about your building's compliance status under the Concrete Building Screening Program, please contact dbi.concrete@sfgov.org.
