* Please note that public comment will be held after every agenda item. If a member of the public would like to comment on a topic that is *not* on the agenda, they may do so during general public comment at the start of the meeting. Please see the *Notes* section of this document for additional information.

Order of Business:

1. **Call to Order / Roll Call** – 1 minute – Meeting called to order at 10:13am.
SDDTAC Members Present: Linda Kuo, Abby Cabrera, Michelle Kim, Jamey Schmidt, Tiffany Kenison
SDDTAC Members Absent: Saeeda Hafiz, Laura Urban
2. **Approval of June Meeting Minutes** – 2 minutes [discussion and action]
Revision - #5 change the year from 2024 to 2025
Abby motions to approve minutes with edit. Linda seconds. 3 votes, 1 abstention, minutes are approved.
3. **Review and Consider Agenda** – 1 minutes [discussion and action]
Tiffany motions to approve agenda. Linda seconds. 4 votes, agenda is approved.
4. **General Public Comment**- 10 minutes [discussion] No Public Comment
5. **Housekeeping** – 5 minutes [discussion and possible action]
 - SDDT Budget Update – Board of Supervisors added back \$320K to SDDT budget; Full Board of Supervisors votes on July 15 for final budget; Mayor to sign budget on August 1st and dependent on if Mayor releases the add back dollars.

SDDTAC Chair shared that prior to the Board of Supervisor's budget vote, she emailed DPH Directors Tsai and Phillip, noting that SDDTAC was not at the table when making budget decisions. Directors would like to meet with SDDTAC co-chairs and aiming for the end of July or early August to discuss how to be better aligned and transparency.

6. **SDDT 2025 Data Brief – Data Source Updates** – 20 minutes [discussion and possible action]

San Francisco Department of Public Health

Chris shares that data use agreement for hospitalization and emergency department data has been approved. Oral health screening data should be received this week. Screenings and data were conducted this week and will send estimates to CDS. He is currently working on the charts and graphs for the BRFS data anticipates being completed this week. Chris will share and seeks members' feedback.

7. Review of SDDTAC SWOT/Strategic Plan Refresh - 30 minutes [discussion and possible action]

Michelle Kim shares that infrastructure subcommittee has been working with DPH staff on the SDDTAC strategic plan refresh. She shares the outline of the table of contents and its context for each section. Michelle shares that the strategic plan refresh will be for five years (2026-2031) and having a separate plan should the SDDTAC sunset.

Jamey values synergy, what can we do beyond SDDTAC recommendation and activism? The SDDTAC strategic plan will serve as our north star and to be focused on strategies, such as fostering partnerships, etc., such as HSA, especially if SDDT funding will continue to go to HSA.

Member asks how does the SDDTAC convert budget recommendations into lasting change, policy, especially if the committee sunsets, so that there is legacy of this work and its relationships. What agency do we have that is beyond recommendation and activism that is the legacy of this committee, if the SDDTAC were to sunset? Member suggested possibly a strategy of increasing the tax by building partnerships and stakeholders. Next steps to present to community input subcommittee and writing up changes and eventually getting feedback and SDDTAC vote. Members may add their feedback to the document under suggested revisions/comments.

8. Data Point Sharing – 5 minutes [discussion and possible action]

Member expresses curiosity of proposed SDDT budget, what HSA's data will say and whether or not that is a strategy on how to track potential effectiveness and leverage. Member wonders if there is a link between increased budget allocations to police overtime with increased worsening of health in SF residents to illustrate the correlation and/or which ever data we have to share to continue to share with the Budget and Appropriations Committee, public comments, etc., and looking at the SDDTAC budget recommendations and the value of the work the committee does.

Member shares examples of legislation being put in place, there will be an increase of worsening health outcomes, causing more strain on the health system, and that measures that are being tracked be used to counterbalance. To keep pushing the message to promote the preventive message while we continue to see the losses, since it is out of our hands and translating the social math for policy makers to listen and understand.

Member shares the idea of possibly looking a more specific measures and strategizing on shifting how we partner with CDS looking at different measures. How the data is viewed and what it really means, such as

Director of Health

City and County of San Francisco

Mayor

food insecurity. It is not the tax revenue itself that is impacting the work but the critical data from community focused work which would make it harder to cut funding. How we can look at data and highlight the outputs of CBOs and also outputting data/evidence to give it more legs, possibly focusing on a mini data report. The SDDT evaluation report illustrates how meaningful the programs are and being able to show the gaps.

Member suggests taking it one step further by sharing with funded entities and communities of what does this report/data mean to you and using that to amplify even more to translate what it even means, social math – preventing someone from going hungry, etc. Cost analysis data would be key and factoring in other factors and important to illustrate change and the impact on chronic conditions and equity.

9. Proposed Agenda Items for Next Meeting – 2 minutes [discussion and possible action]

- Data sources update for Data Report 2025
- Strategy on what to include on evaluation report

10. Announcements – 2 minutes No announcements

11. Adjournment

Jamey motions to adjourn. Tiffany seconds. Meeting is adjourned at 11:17am.

Notes

PUBLIC COMMENT

General Public Comment: At this time, members of the public may address the SDDTAC Advisory Committee on items of interest to the public that are within the subject matter jurisdiction of the Committee but do not appear on the agenda.

With respect to agenda items, the public will be given an opportunity to address the Committee when the item is reached in the meeting. Each member of the public may address the Committee for up to three minutes.

The Brown Act forbids a Committee from taking action or discussing any item not appearing on the posted agenda, including those items raised at Public Comment. In response to public comment on an item that is not on the agenda, the Committee is limited to:

- Briefly responding to statements made or questions posed by members of the public, or
- Requesting staff to report back on a matter at a subsequent meeting, or
- Directing staff to place the item on a future agenda. (Government Code Section 54954.2(a).) 10.

Each action item will hold public comment before a vote is made.

Explanatory documents are available at the 25 Van Ness Ave, Suite 500 during regular business hours. If any materials related to an item on this agenda have been distributed to the SDDTAC after distribution of the agenda packet, those materials are available for public inspection at the address above during normal

COMMUNITY-BASED (CB) GRANTS

Health Education, Food Security, Physical Activity

DPH should contract directly with CBOs through an RFP process managed through the Community Health Equity and Promotion (CHEP) Branch of the Department of Public Health. CBG should support community-based programs and services that address the health inequities of those most targeted by the beverage industry. Funding should go to Community Based Organizations

San Francisco Department of Public Health

Daniel Tsai
Director of Health

City and County of San Francisco
Daniel Lurie
Mayor

(CBOs) and Faith Based Organizations (FBOs) for the following strategies:

- A. Health Education activities including, chronic disease prevention, healthy eating and active living, tap water promotion, oral/dental health
- B. Physical Activity opportunities, including a) Dance and movement, sports, yoga, walking groups, biking, etc.; b) Changes to the built environment (i.e. sidewalks, streets, parks, buildings, etc.) or safety of the built environment that facilitates increased physical activity and active transportation)
- C. Food Security, including a) Community-based pantries, community-based hot meals, community kitchens and community home delivery services; b) Increased financial resources (i.e. wages, income, government nutrition supplements, vouchers, etc.); c) Changes to the built environment that facilitate food security; d) Pursuit of institutional or local policies that facilitate food security; and e) Food Access, including community-based food systems, approaches, community-based pantries, community-based hot meals, community kitchens and community home delivery services, etc.
- D. Water Promotion, such as support for Spa Water Supplies, station maintenance and beautification, refillable water bottles to distribute to communities, water testing
- E. Community Based Participatory Research

Community Based Organizations (CBO) working with SFUSD

Recommend 3% of all CBO funding should go towards CBOs implementing programs/ or initiatives that take place in school settings. Funding to issue grants to CBOs should follow the guidelines above. To support disbursement of funds, the funds should be directed to SFDPH-CHEP which works with SFUSD to fund CBOs that work with SFUSD.

FOOD ACCESS

Healthy Food Purchasing Supplement - Support programs that increase financial resources to purchase healthy food such as vouchers and food purchasing incentives. These funds should be distributed through a Request for Proposal (RFP) process. Funding should support programs and services that increase financial resources to purchase healthy food; access to healthy fruits and vegetables while minimizing processed foods for high-risk communities; foods that are affordable and convenient; and programs that support the consumption of healthy foods including the ability to prepare and store meals and the knowledge of basic nutrition, food safety and cooking. Priority programs should incorporate a community-based food security perspective and have demonstrated increased ability of food insecure residents to purchase, access, and consume consumption of healthy, fresh, low-to-no cost and culturally appropriate foods, including but not limited to food vouchers/ incentives, transportation and delivery and prepared foods.

Healthy Retail SF – Supporting small business to increase healthy food access in high risk, impacted communities and neighborhoods by:

- A. Supporting business operations
- B. Promoting community engagement
- C. Improving the retail environment

Food Transportation for Food Distribution Centers – Support programs that provide access to healthy, culturally-sensitive food (groceries and/or meals) with transportation costs of getting food to their centers and delivery of food (groceries and/or meals)

to their clients. Funded organizations will work with local food producers to source their distributions and prioritize food delivery for those with mobility difficulties. Transportation costs can include vehicle purchases, fuel costs, and/or payments to organizations that specialize in food transportation services.

PHYSICAL ACTIVITY & WELLNESS

Peace Parks - To support staffing and supplies, including healthy food, for Peace Parks programs in target populations.

SVIP - Transportation for Peace Parks participants

REQUITY - Outreach, scholarships, recreation equity - Requity offers free dynamic, engaging, and culturally relevant recreation programming to youth under 18 living in shelters, foster care, public housing, or in housing developments. Through a combination of onsite and hyper-local programs, coupled with extensive outreach. Requity increases access to and participation in RPD's existing programs and scholarships by educating and informing families on what RPD can offer them.

SAN FRANCISCO UNIFIED SCHOOL DISTRICT (SFUSD)

School food, nutrition education - To improve the quality and appeal of school meals and support nutrition education to increase participation in school meal programs (for example: cooking and serving equipment, staff professional development, and innovative procurement and menu strategies to increase freshly prepared food). Funding will target schools with the largest populations of high-risk students that are disproportionately targeted by the sugary drinks industry.

Student Led Action - Support student led efforts to decrease consumption of sugary drinks and increase awareness of sugary drinks consumption among students, with focus on schools with the largest populations of high-risk students that are disproportionately targeted by the sugary drinks industry. SFUSD should provide to SDDTAC a proposal of how funding will be spent through student led action. Funding to also support adequate staffing for implementation.

ORAL HEALTH

Community Oral Health Task Forces - Support development of community infrastructure such as oral health community task forces that incorporate diverse stakeholders for outreach, education, and interventions to address the oral health needs of children in high-risk populations.

School-based Sealant Application – Support school-based preventative oral health programming placing dental sealants and fluoride varnish within SFUSD schools serving high risk target populations.
