The Good Government Guide

The official flag of the City and County of San Francisco

The City Attorney's Office introduced its Good Government Guide more than ten years ago. Since then, the Good Government Guide has become a go-to resource for city officials and employees—as well as journalists and activists—offering a usable, accessible overview of major laws governing public meetings, public records, conflicts-of-interest, and financial reporting requirements for city officials. It is regularly updated, on an as-needed basis, to promptly reflect changes in relevant law.
