Our City Our Home (OCOH) Fund: Approved Trailing Legislation

The revised legislation supports the City to **address the crisis** on our streets and **does not make any cuts** to existing OCOH funded programs, including:

- **One-time reallocation** of **\$34.7 million**, including \$19.5 million in interest earnings and \$15.3 million in unprogrammed housing balances to support the **Mayor's Breaking the Cycle initiative**.
- **Suspends 12%** cap on short-term (<5 years) rental subsidies.
- Authorizes the City to **expend up to \$19.1 million in future OCOH Fund revenue through FY25-27** on any eligible programs, rather than allocating funds based on expenditure percentages specified in the tax code subject to the Board's approval of the Annual Appropriations Ordinance. Any additional revenue would have to be allocated in accordance with the tax code or require a supermajority of the Board to reallocate.
