6. Infrastructure Subcommittee Annual Report Section Review [discussion and possible action]
Members review infrastructure subcommittee annual report sections such as future considerations and subcommittee accomplishments. Members decide to review again next month when all subcommittee members are present.
7. SDDTAC Strategic Plan Review [discussion and possible action]
Chair shares that there has been some discussion around the duties of the infrastructure subcommittee and that many of its responsibilities and tasks were at the onset and implementation/infrastructure of the SDDTAC. Discussions have risen whether to continue with the infrastructure subcommittee with possibly emerging topics, and/or an ad hoc subcommittee as necessary since the foundation of the SDDTAC has been completed. Does the infrastructure subcommittee need to exist in the way it does now or change into something else to support the other needs of the SDDTAC? Member suggests merging with other subcommittees, since the infrastructure subcommittee membership is low. With these considerations, the infrastructure will need to assess its section in the strategic plan. The strategic plan has previously focused on the work of the subcommittees and would need for the whole SDDTAC to review the strategic plan as a whole

moving forward. The January SDDTAC agenda will include an agenda item focusing on the strategic plan so that all members can discuss together moving forward.

8. Discuss Possible Agenda Items for Next Meeting [discussion and possible action]

- SDDDTAC strategic plan
- Annual report subcommittee section review/vote

9. Announcements
