(1:44:50)

5.1 Civic Design Review Report
(1:44:57)

Commissioner Carney reported that the Civic Design Review Committee reviewed two projects at its June 15, 2026, meeting. The Committee approved Phase 3 of the San Francisco Fire Department Division of Training Facility after confirming that the project remained consistent with the previously approved design despite minor refinements made to address budget constraints. Commissioners

supported the project's continued focus on public art opportunities, climate resilience, and overall design integrity.

The Committee also conducted a conceptual review of the new Signature Aviation terminal at San Francisco International Airport. While commissioners praised the project's sustainable design, modern interior, and passenger amenities, they recommended strengthening the exterior architectural character to better distinguish the terminal from the surrounding aircraft hangars. The conceptual design was approved unanimously, with the project team expected to return at future design phases with refinements to the building's massing and overall appearance.

There was no public comment.

5.2 Visual Arts Committee Report

(1:49:51)

Commissioner Ferris reported that the Visual Arts Committee reviewed and approved several public art projects at its June 25, 2026, meeting. It also approved a temporary mural installation for the Geneva Car Barn that will activate the building's vacant windows for up to three years.

The Committee also reviewed the Ingleside Police Station Replacement public art project, which will include a permanent artwork in the new community room of the replacement facility. Commissioners noted the importance of preserving the site's historic character, and President Collins highlighted the station's significance to former Mayor Frank Jordan, encouraging consideration of its history as the project moves forward.

There was no public comment.

5.3 Community Investment Committee Report (1:56:43)

Commissioner Shiota gave the report on The Community Investment Committee. Shiota noted updates on several grantmaking and capital initiatives. Shiota mentioned staff presented draft reporting and advance payment policies for Community Investments grants, noting that the policies are still under development and will be refined based on community feedback to better support artists and arts organizations. The Committee also received an update on the Cultural Centers seismic retrofit projects, including construction timelines for the African American Art & Culture Complex and Mission Cultural Center for Latino Arts, and reviewed the FY2027 capital budget. Shiota mentioned that staff also shared progress on recruitment for the Cultural Ambassador Program and provided staffing and grant program updates, including the release of the next grant guidelines in September and the renaming of Special Grants to Defined Scope Grants.

Geoffrey Grier, San Francisco Recovery Theatre

Grier urged the Commission to prioritize support for the Buriel Clay Theater during its seismic retrofit by identifying temporary space for its programming. Grier also expressed concern that the Special Grants application process has become overly burdensome, particularly requiring applicants with fiscal sponsors to submit additional nonprofit documentation, and recommended simplifying those requirements.
