Commission Secretary Dhaliwal announced the public meeting instructions.

Commissioner Rothschild began the meeting by reading the Arts Commission's land acknowledgement statement.

2. General Public Comment **(5:28)**

There was no public comment.

3. SFFD Division of Training – Phase 3 Review **(6:19)**

The project team reported that budget constraints required some value engineering, resulting in minor changes such as removing a clerestory feature, simplifying decorative fencing and a kiosk, and reducing some landscaping. However, the overall design intent, public-facing appearance, and previously approved public art locations were preserved. The team also confirmed that the site has been elevated to address projected sea level rise and that public art artist selection is currently underway.

Commissioners expressed support for the project, noting that the design quality and overall vision remain intact despite the budget-driven modifications. They appreciated efforts to maintain transparency in the fencing, preserve public art opportunities, and create a welcoming training

campus that responds to future neighborhood development.

Commissioner Shiota, seconded by Commissioner Quint, moved to approve the combined phase 3 review for SFFD Division of Training.

There was no public comment.

The motion was unanimously approved.

4. Signature Aviation SFO Facility – Conceptual Review (19:21)

Commissioner Rothschilds recused themselves from the discussion and action due to employment with Gensler.

The project team noted the project would replace the existing private aviation terminal with a larger, modern facility featuring passenger lounges, flexible gathering spaces, administrative offices, expanded aircraft support facilities, and outdoor terraces overlooking the runway. The design emphasizes transparency, natural materials, sustainability, and improved passenger experience, while pursuing LEED Gold certification through features such as solar power generation, rainwater capture, and energy-efficient building systems.

Commissioners generally praised the design and sustainability goals but encouraged the project team to strengthen its connection to San Francisco's identity. Several commissioners suggested incorporating more local cultural elements, artwork, and architectural features that would create a stronger sense of arrival and distinguish the building from the surrounding airport hangars.

Commissioner Shiota, seconded by Commissioner Perez, moved to approve the conceptual review for Signature Aviation SFO Facility.

June 15, 2026, Civic Design Review Meeting

There were no additional public comment.

The motion was unanimously approved.

5. New Business and Announcements

(45:37)

President Collins announced that the upcoming full Arts Commission meeting will include the semiannual In Memoriam recognition and invited commissioners to submit any additional names to the Commission Secretary for consideration.

Public Comment(s)

Ethan Silva, Performance Structures

Silva mentioned working with internationally renowned artist Anish Kapoor informed the committee about a proposed public sculpture for Sue Bierman Park in San Francisco. Silva requested information about the Arts Commission's approval process for a significant public art project and noted that discussions had already begun with Recreation and Parks staff and Arts Commission staff. Because the matter was not on the agenda, commissioners did not discuss the proposal but indicated that staff could provide guidance after the meeting.

There was no public comment.

6. Adjournment

(49:09)

There being no further business, the meeting was adjourned at 2:50 pm
