# What is Coordinated Entry?

Coordinated Entry (CE) is a *process* that **connects** people experiencing homelessness or at imminent risk of homelessness, with the resources needed in order to resolve their housing crisis.

Part of this process includes:

A standardized **housing assessment** to **prioritize** people experiencing homelessness and **refer** them to housing resources available in the San Francisco homelessness response system.

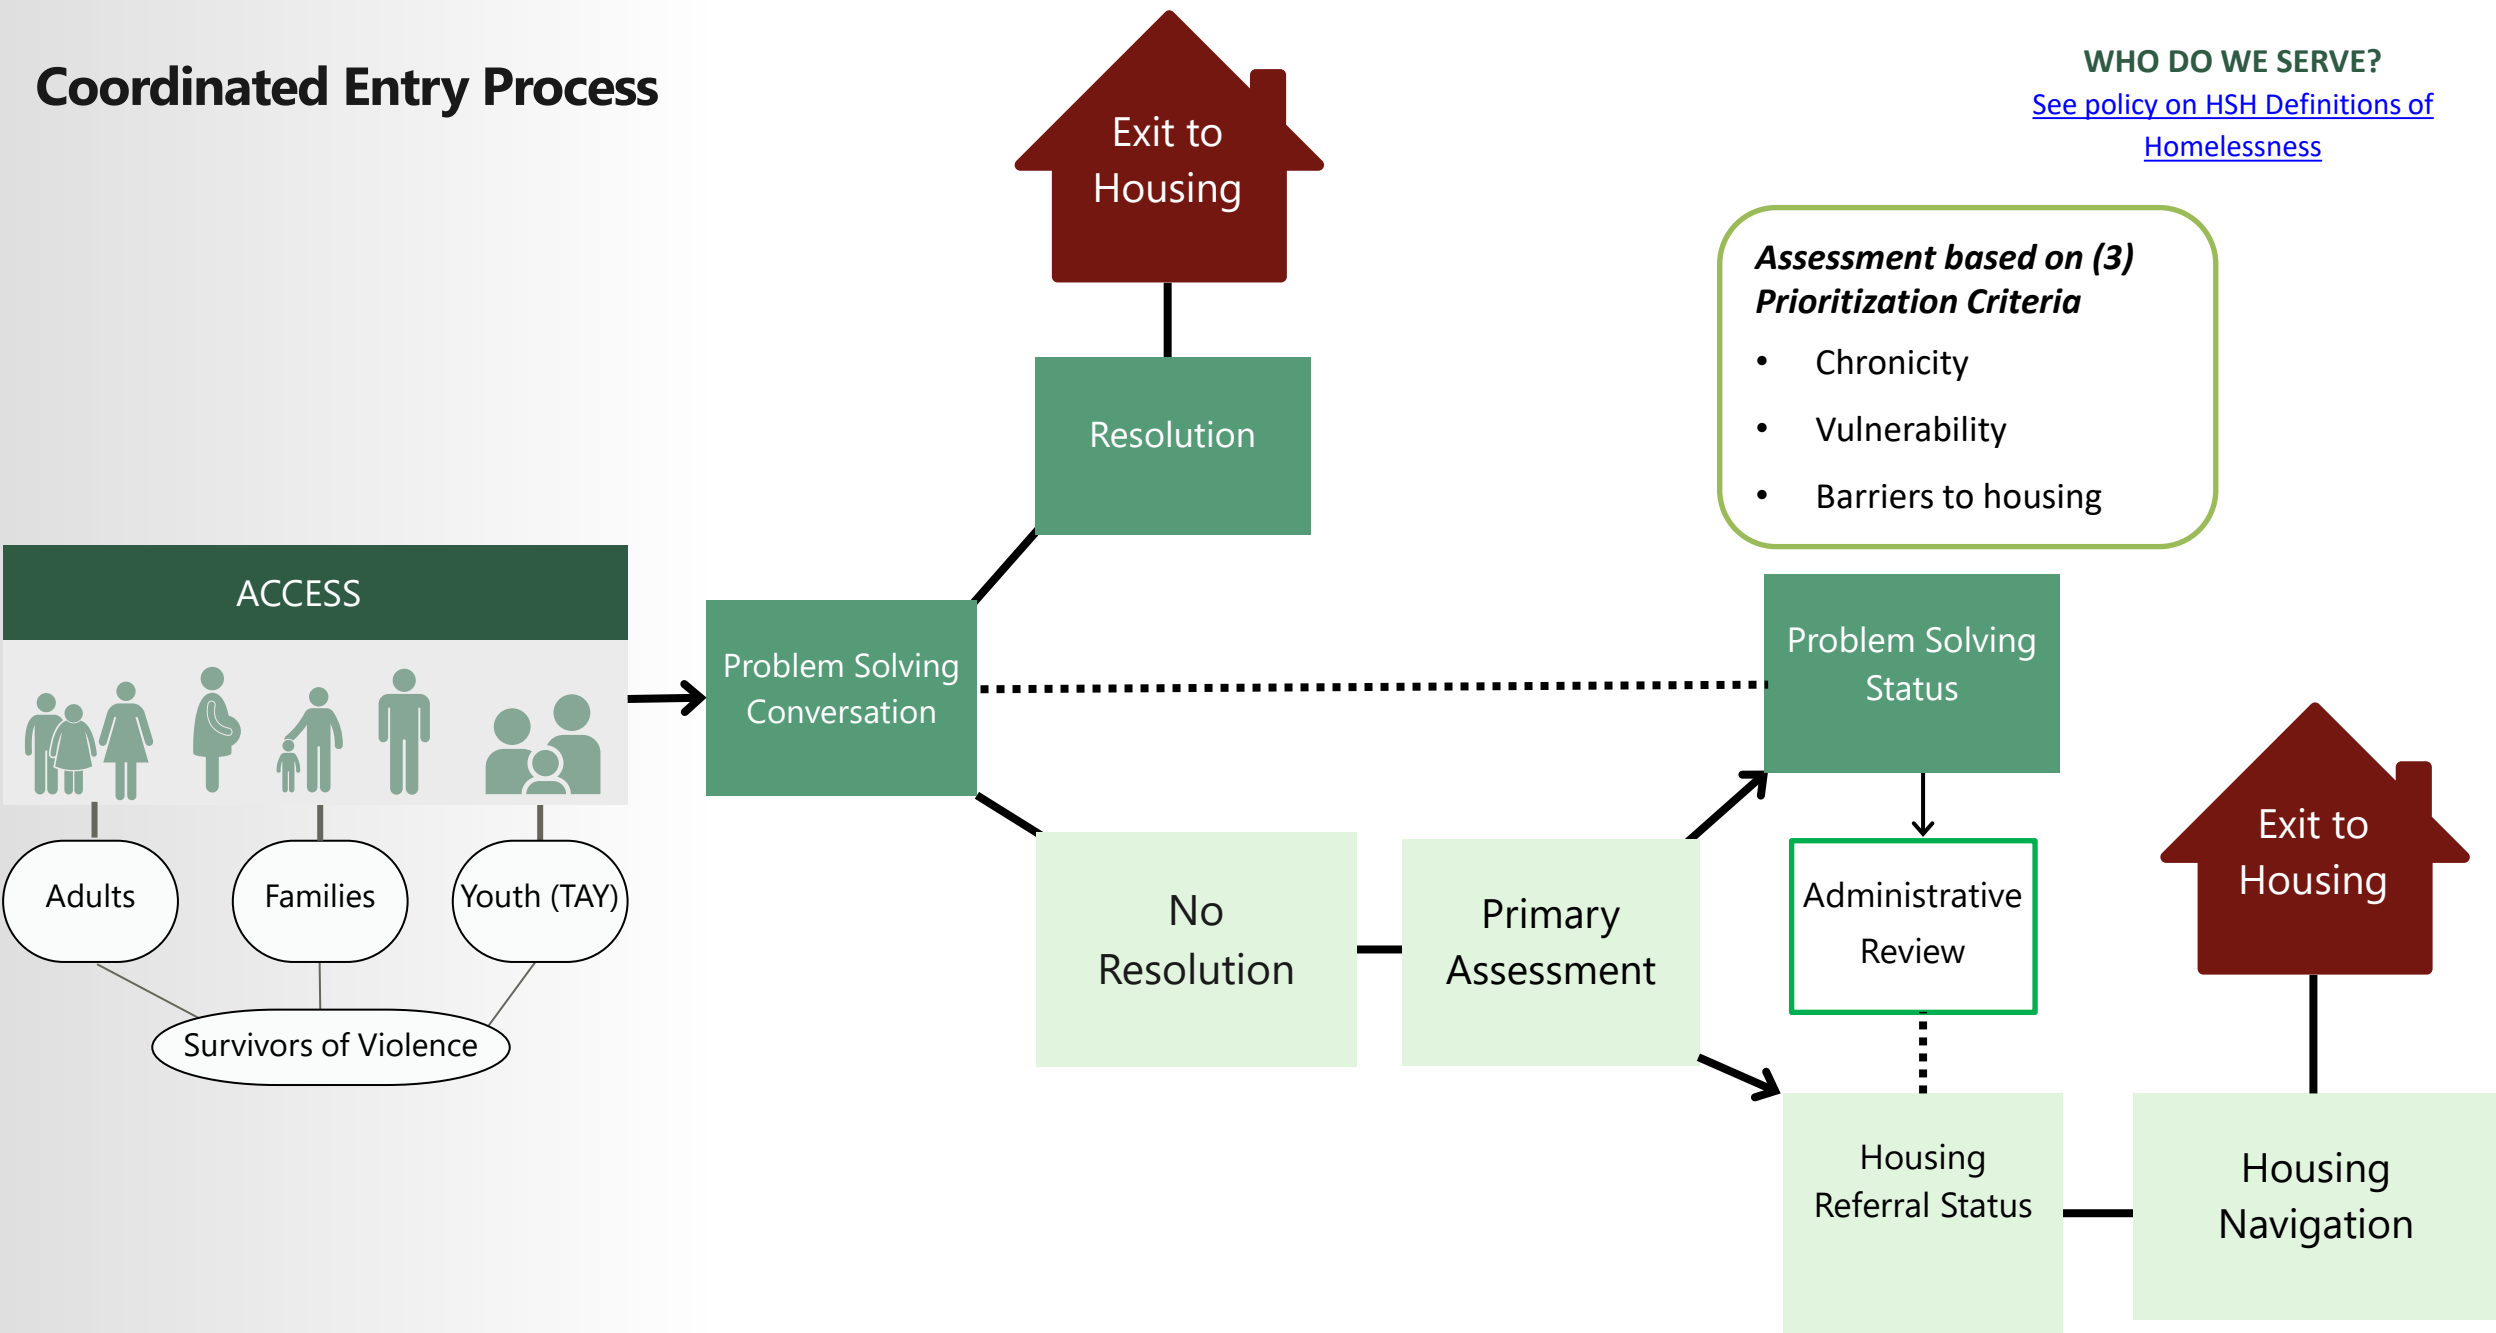

[24 CFR 578.7\(a\)\(8\)](#) require that CoCs establish a Centralized or Coordinated Assessment System for receiving CoC Program and Emergency Solutions Grants (ESG) funding - (HUD requirement).

[All projects funded by CoC, ESG, and/or other HSH funding sources are required to participate in Coordinated Entry.](#)

# PROBLEM SOLVING & PREVENTION

**Problem Solving interventions** offered at Access Points. Problem Solving Specialists will engage in exploratory conversations to help identify safe housing options without the need for ongoing or permanent support.

- Housing location assistance
- Travel and relocation support
- One-time, short-term financial assistance (i.e. security deposit, move-in costs)
- Connection to employment (Pilot with Office of Economic & Workforce Development (OWED))

**Prevention through [SF ERAP](#)** - San Francisco Emergency Rental Assistance Program provides financial assistance for move-in costs (security deposit, first/last month's rent) and rent owed for households who meet the following:

- Current San Francisco resident
- Household income at/below 50% Area Median Income (AMI)
- **At high risk of homelessness or housing loss**

# Housing Primary Assessment

- If the household is not initially able to resolve their housing crisis through Problem Solving, the next intervention is a Housing Primary Assessment.
- The Housing Primary Assessment is an interview tool used to assess three main criteria:
  - **Vulnerability:** experience of trauma and violence, physical and behavioral health, and use of crisis services, among other factors.
  - **Barriers to housing:** includes legal issues, income, and overall resources available.
  - **Chronicity of homelessness:** duration and frequency of homelessness

# Prioritization

- Since housing in San Francisco's Homeless Response System (HRS) is **limited**, Coordinated Entry prioritizes those with the highest needs to available housing. HSH estimates what proportion of households will be Housing Referral Status or Problem Solving Status:
- **Housing Referral Status:** people experiencing homelessness who are prioritized for housing based on their health **vulnerability, barriers to housing, and chronicity of homelessness**
  - Households are placed in a housing queue and referred to available housing programs.
- **Problem Solving Status:**
  - Households are provided continuous Problem Solving interventions to identify **other** pathways without needing to access the Homelessness Response System. These can include housing location assistance and relocation support outside San Francisco.

**Both Housing Referral Status and Problem Solving Status represent a path to permanent housing.**

# Referral

- **The process of matching households that are Housing Referral Status** to housing programs based on eligibility criteria and availability.
    - Households are referred to Permanent Supportive Housing (PSH) or Rapid Rehousing (RRH).
  - **Housing navigation:** Facilitates the enrollment and placement into a housing program. Includes support with document collection (i.e. identification, income verification, and other documents requested by provider), assistance with lease signing and move-in, and coordination with providers who are working with the Housing Referral Status Household.
- 

# Connection to Permanent Housing Programs

- **Permanent Supportive Housing (PSH)** – long-term rental assistance (subsidy) with a range of supportive services including case management and housing retention assistance. Tenants pay of up 30% of their income
- **Rapid Rehousing (RRH)** – time-limited rental assistance (subsidy) that gradually decreases as the household stabilizes and assume full responsibility for rent. Households live in private-market units and access supportive services, including case management and housing retention assistance.
