What is Coordinated Entry?

Coordinated Entry (CE) is a *process* that connects people experiencing homelessness or at imminent risk of homelessness, with the resources needed in order to resolve their housing crisis.

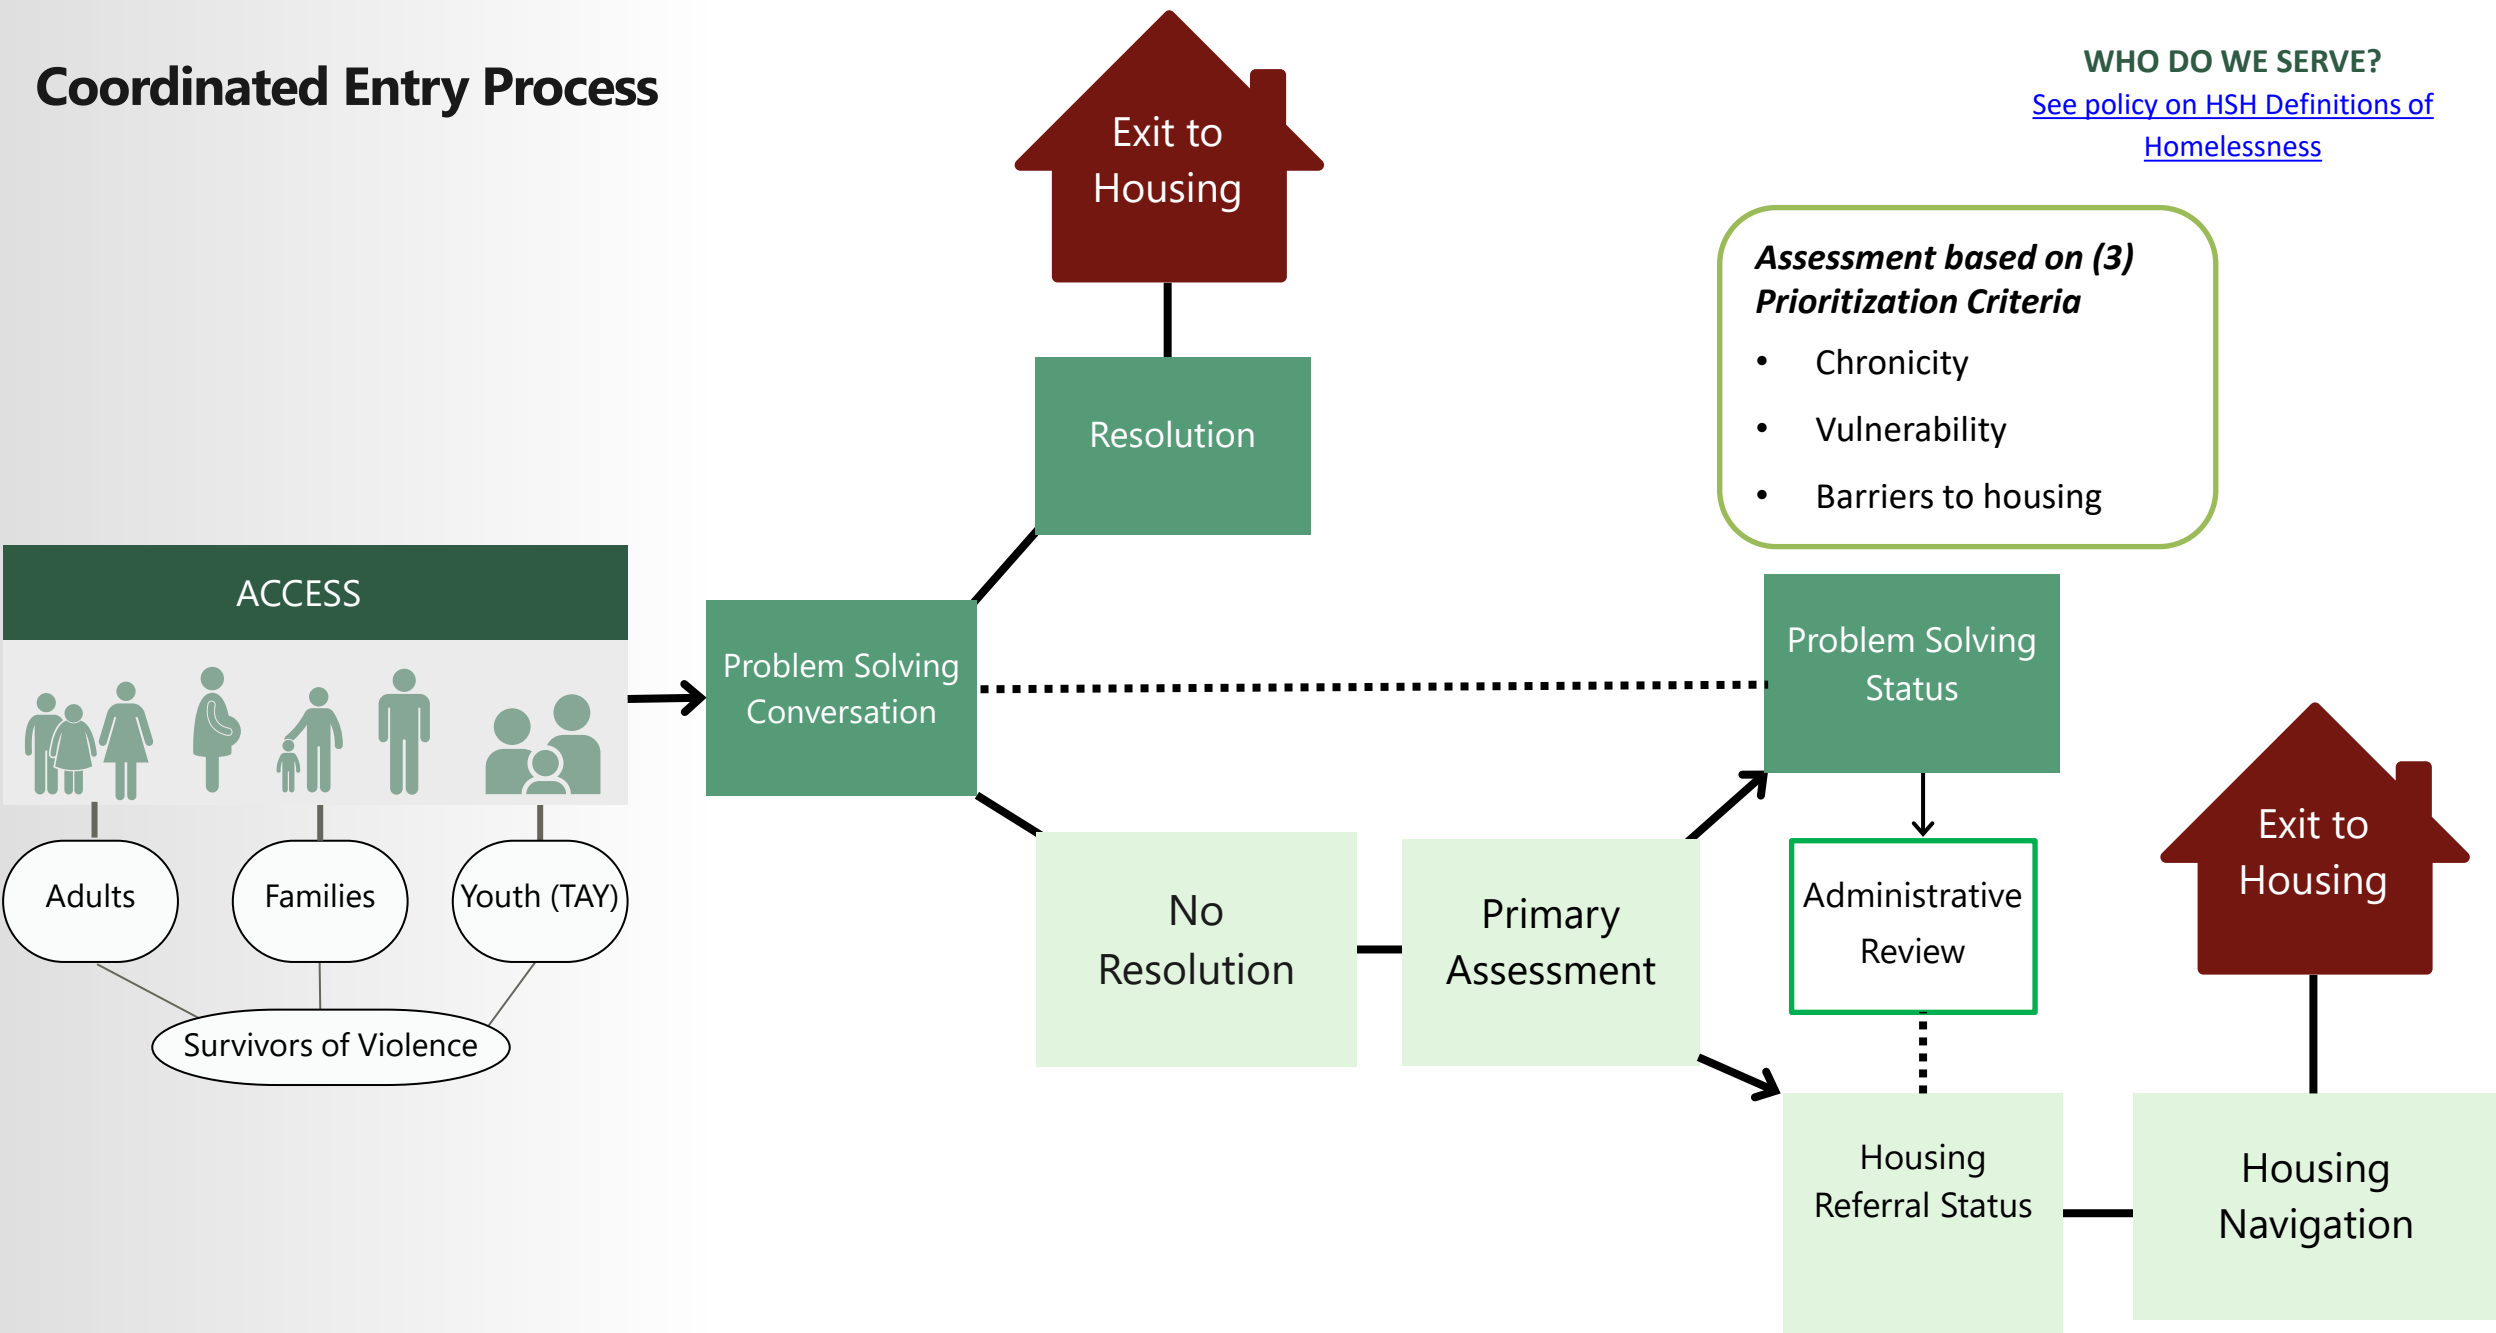

24 CFR 578.7(a)(8) require that CoCs establish a Centralized or Coordinated Assessment System for receiving CoC Program and Emergency Solutions Grants (ESG) funding - (HUD requirement).

CE consists of a standardized **housing assessment** to **prioritize** people experiencing homelessness and **refer** them to housing resources available in the San Francisco homelessness response system.

[All projects funded by CoC, ESG, and/or other HSH funding sources are required to participate in Coordinated Entry.](#)

PROBLEM SOLVING & PREVENTION

Problem Solving interventions offered at Access Points. Problem Solving Specialists will engage in exploratory conversations to help identify safe housing options without the need for ongoing or permanent support.

- Housing location assistance
- Travel and relocation support
- One-time, short-term financial assistance (i.e. security deposit, move-in costs)
- Connection to workforce development services

Prevention through [SF ERAP](#) - San Francisco Emergency Rental Assistance Program provides financial assistance for move-in costs (security deposit, first/last month's rent) and rent owed for households who meet the following:

- Current San Francisco resident
- Household income at/below 50% Area Median Income (AMI)
- At high risk of homelessness or housing loss

Primary Assessment

- If the household is not initially able to resolve their housing crisis through Problem Solving, the next intervention is a Housing Primary Assessment.
- The Housing Primary Assessment is an interview tool used to assess three main criteria:
 - **Vulnerability:** experience of trauma and violence, physical and behavioral health, and use of crisis services, among other factors.
 - **Barriers to housing:** includes legal issues, income, and overall resources available.
 - **Chronicity of homelessness:** duration and frequency of homelessness

Prioritization

Since supportive housing in San Francisco's Homeless Response System (HRS) is limited, Coordinated Entry prioritizes those with the highest needs to available supportive housing. HSH estimates what proportion of households will be Housing Referral Status or Problem Solving Status:

- **Housing Referral Status:** people experiencing homelessness who are prioritized for supportive housing within the City's homelessness response system, based on their health *vulnerability, barriers to housing, and chronicity of homelessness*
 - Households are placed on a queue and referred to available housing programs as eligible.
- **Problem Solving Status:**
 - Households are provided continuous Problem Solving conversations to identify pathways without accessing the Homelessness Response System. These interventions include housing location assistance, relocation and reunification support, and referrals to affordable housing options

HOUSING REFERRAL STATUS & PROBLEM SOLVING STATUS REPRESENT A PATH TO PERMANENT HOUSING.

[Link to Prioritization Policy - 2/2026](#)

Referral

- **The process of matching households that are Housing Referral Status** to housing programs based on eligibility criteria and availability.
 - Households are referred to Permanent Supportive Housing (PSH) or Rapid Rehousing (RRH).
 - **Housing navigation:** Facilitates the enrollment and placement into a housing program. Includes support with document collection (i.e. identification, income verification, and other documents requested by provider), assistance with lease signing and move-in, and coordination with providers who are working with the Housing Referral Status Household.
- 

Connection to Permanent Housing Programs

- **Permanent Supportive Housing (PSH)** – long-term rental assistance (subsidy) with a range of supportive services including case management and housing retention assistance. Tenants pay of up 30% of their income
 - Please note– effective immediately all Coordinated Entry Access Points can use Problem Solving Funding to cover Permanent Supportive Housing Move In Costs.
- **Rapid Rehousing (RRH)** – time-limited rental assistance (subsidy) that gradually decreases as the household stabilizes and assume full responsibility for rent. Households live in private-market units and access supportive services, including case management and housing retention assistance.
