SAN FRANCISCO DEPARTMENT OF HOMELESSNESS AND SUPPORTIVE HOUSING

Inclement Weather Activation

CURRENT RESPONSE LEVEL

PHASE II

Expanded Capacity

Activation dates: November 23 - November 25

What this phase means

Phase II services continue, including wellness checks, weather information and connections to warming resources. Additional shelter capacity is activated where available, and warming centers may be requested.

Shelter Programs
Shelters are providing additional walk-up beds and mats using available capacity, while continuing wellness checks and sharing weather information.

Warming Centers
Department of Emergency Management is activating warming centers to expand available resources during severe weather.

DPH Street Outreach Teams
Teams are continuing wellness checks, sharing information about available shelter and warming resources, and helping connect people with services.

Need help or more information?

311
Non-emergency assistance
