CHIEF OF POLICE

June 30, 2026

Dear Honorable President Clay,

RE: DGO 10.12 – *Unmanned Aircraft Systems (UAS) Operations*

On March 5, 2024, the voters approved Proposition E ("Prop E"), an initiative ordinance requiring the Commission and the Police Department to engage in a community engagement process before the Commission may agendaize "any proposal to establish, modify, or abolish policies or procedures related to Department operations." (Admin. Code § 961.1(a).) The community engagement process is intended to help the Commission and Department receive public feedback on whether proposed changes to policies and procedures governing Department operations will impact the Department's ability to efficiently and effectively serve the community. The purpose of this process is to "describe the existing policies and procedures," "solicit feedback on their implementation and impacts," and "identify possible changes" rather than to consider or advocate for specific draft proposals. Prop E allows the Chief of Police to waive the community engagement process provided that certain conditions are met.

I, Derrick J. Lew, Chief of Police, have considered the following factors as required by Prop E:

- The amount of public feedback already received on the subject matter including during initial 19B and final AB481 policy approvals.
- The need for immediate action.
- The proposed changes offer clarity to members of the public.

After considering all the factors, **I hereby waive the community engagement process for Department General Order 10.12, *Unmanned Aircraft Systems (UAS) Operations*.**

Sincerely,

DERRICK J. LEW
Chief of Police
