

Weekly Activity Report:

San Francisco Department of Police Accountability

Prepared for the San Francisco Police Commission

Department of Police Accountability

Executive Director Paul Henderson

Highlights for September 3, 2025

The following report includes the Department of Police Accountability's recent developments:

▪ **NACOLE Regional Conference, August 27-28, 2025**

- DPA and the California Civilian Oversight Alliance (CCOA) co-hosted a regional conference with the National Association for Civilian Oversight of Law Enforcement (NACOLE) in San Francisco. Civilian oversight leaders from around the country attended this 7.
- The conference addressed timely topics including artificial intelligence (AI) in law enforcement practices, using AI to enhance oversight, potential AI bias and concerns, establishing safeguards and policies for responsible AI use, immigration and law enforcement actions at state and federal levels, RIPA data and audit implications, and issues related to diminished support for civilian oversight.
- Commission Vice President Kevin Benedicto shared his technology and policymaking expertise on a panel about creating AI policies for police practices.

▪ **DPA Audit Update**

- DPA's audit on SFPD's use of force is currently in progress. DPA is in the process of drafting the report.

▪ **DPA Digitization Project**

- DPA is advancing a major project to digitize all case files and upload them to the cloud. This initiative consolidates case files to ensure accurate indexing and easy searching of cases from 1983 to 2025. The project involves scanning 1,400 boxes containing over 2 million documents and images.

▪ **Reenvisioning DPA Reports**

- Over the next few months, DPA will reexamine all reports to improve how we communicate information to the commission, San Francisco leadership, and the public. We aim to leverage available technology to report our work more comprehensively and efficiently while focusing on data points important to our stakeholders. DPA will improve accessibility, clarity, usability, and ease of navigation.

▪ **Phone Message System**

- DPA implemented a new phone messaging system available in seven languages, to ensure all community members can access services and information. This initiative removes language barriers and provides equitable access to police accountability

resources for our diverse community. The multilingual system enhances DPA's ability to serve residents who speak languages other than English, strengthening community engagement and accessibility across all populations.

Investigation Updates

◆ Statistics Since Last Commission Meeting on July 16, 2025:

- **Cases Opened/Closed:** Our office opened 112 cases and closed 116 cases.
- **Cases Opened:** Increased 27% (134 cases) compared to 2024 year to date.
