Dear Ballot Simplification Committee,

I am very concerned about the state of the digest for the measure misleadingly titled “ALLOWING PRIVATE VEHICLES ON THE GREAT HIGHWAY IN SUNSET DUNES PARK” (there’s no such thing as “the Great Highway in Sunset Dunes Park!”). The digest does nothing to explain that the measure **closes a park** in order to allow private vehicles on the former roadway. If we bulldozed a playground to build a road, would we ask voters only if they want to create a new road? That’s exactly what this digest does as currently written. Can you please correct the digest to explain that the effect of this measure is to **close a park in order to rebuild a roadway?**

Thank you for making this correction.

Tom Fenwick
