

Attestation of WCAG Compliance

As the Digital Accessibility and Inclusion Standard (DAIS) states, the City and County of San Francisco must ensure that all public-facing web content and mobile applications comply with [the U.S. Department of Justice's rule](#), "Nondiscrimination on the Basis of Disability; Accessibility of Web Information and Services of State and Local Government Entities," issued under Title II of the Americans with Disabilities Act, 28 C.F.R. Part 35 ("DOJ Rule").

Purpose Of This Form

This form allows you, the third-party vendor, to attest — based on your current accessibility evaluation efforts — that your digital product either:

- Currently complies with the DOJ Rule; or
- Does not yet comply but is actively undergoing remediation and is expected to achieve full compliance with the DOJ Rule by the Contract Execution Date.

Do not return this form if you cannot make this attestation.

Attestation

By filling out the information below, I attest that our product **either**:

- Currently conforms to **the DOJ Rule**, or
- Does not yet conform but is actively undergoing remediation and is expected to achieve full conformance with the DOJ Rule by the Contract Execution Date.

I declare under **penalty of perjury under the laws of the State of California** that the foregoing is true and correct, and that I am authorized to make this attestation on behalf of my organization.
