

Request an Internal Quality Audit Review of Your Property

This form is for property owners who believe their property should be reviewed as part of the Department of Building Inspection (DBI)’s Internal Quality Audit and did not receive an audit-related Notice of Violation.

To request a review of your property for possible audit-related code violations, complete this form and email it to dbi.iat@sfgov.org. DBI will review your submission and notify you of the outcome and any next steps.

If DBI identifies audit-related violations at your property, a Notice of Violation will be issued, and you may need to hire a contractor or engineer to provide construction documentation or validate that the work is code-compliant.
