San Francisco Police Commission  
San Francisco Police Department Headquarters  
1245 3rd St., 6th Floor  
San Francisco, CA 94158

Dear President Clay and Honorable Commissioners:

Our coalition from the Tenderloin, Lower Polk, and Lower Nob Hill- representing nine community-based organizations as well as Local 2- is pleased to formally convey our support for the *Department Recommendation* map on page 8 of the "SFPD District Boundaries" November 5, 2025 meeting packet. We respectfully urge the Commission to adopt this map.

This map represents the culmination of an 18-month process in which our coalition members have been active participants. Whether providing feedback to Department staff or to this Commission, the *Department Recommendation* map reflects the consistent position of our coalition on how to best deliver SFPD services to the Tenderloin, Lower Polk, and Lower Nob Hill neighborhoods- while ensuring quality and efficient staffing for the broader city.

We extend our sincere thanks to the Department's district officers, leadership, and civilian staff for their engagement throughout this process. We also thank the Commission for its commitment to community and for ensuring that the map presented for consideration on November 5 reflects both the input of our coalition and the thoughtful work of the SFPD.

Sincerely,

cc:
