8. **Commission Business** (Discussion/Action)
    a. **Resolution No. 2627-AL-01: [Strengthen Public School Student Representation on the San Francisco Youth Commission]** - Resolution Urging the Mayor and Board of Supervisors to Strengthen Public School Student Representation on the San Francisco Youth Commission. (Second Reading)

i. Sponsors: Mordehai; Shulman, Wu, Sarceno Bravo, Trieu

Chair Mordehai read the amendments to the resolution into the record. Commissioner Law said that he believes this resolution solves a problem that has already been fixed, and that the Mayor's Office and other appointing offices will be working on the solution and not let this happen again. Officer Shulman spoke in favor of the resolution and said it was important to address the fault of the Mayor, and ensure the Youth Commission has the adequate representation of the City. Officer Sarceno Bravo said in the last meeting there were some questions about stronger words in the resolution, and asked if there was a reason why those words weren't made stronger, to which Mordehai said she's open to amendments to the wording.

Commissioner Martinovsky said he understands the resolution is pointed to the appointing officers to fix the problem, but he emphasized that they should make concrete actions to make amends for this current term. Officers Glover said they will announce what actions they intend to do during their Comms Updates. Commissioner Trieu asked for clarification about the language that Officer Sarceno Bravo was speaking about, to which Chair Mordehai said she hadn't gotten to it but is willing to delay action on the resolution if there is a focus on that. Commissioner Marlow said she'd like to take action on this today. Commissioner Trieu said he thinks they should hold off on passing it to make sure the language is stronger. Officer Shulman said she'd like to take action. Commissioner Law asked how difficult it would be for the other Youth Councils to go through the language. Commissioner Marlow asked Trieu what language makes him want to table the resolution, to which Trieu said that the language should be stronger. Commissioner Colbert said relevance is important and that everyone had time to review the language and recommend changes, and that the last meeting was a fruitful discussion and there was time for that. Commissioner Martinovsky agreed with Commissioners Colbert and Law, and said that the appointing officers are already making changes to how they appoint youth to the Youth Commission, so they should take action and move forward onto other issues. Officer Shulman asked Commissioner Trieu and Officer Sarceno Bravo what changes they'd like to see, especially since they're both SFUSD students. Officer Sarceno Bravo agrees that some of the language is very passive, but recognizes that this is a resolution and agrees with Commissioner Martinovsky that they should be taking action later on.

Acting Director Zhan clarified that they haven't received their resolution trainings since committees haven't begun yet, and Chair Mordehai expanded and said that this is how resolutions have been written. Commissioner Trieu said they can fix the language right now. Officer Sarceno Bravo said they should discuss next steps within their outreach plan and leave the resolution as

it is. Commissioner Law said the resolution is somewhat performative and that they should focus on better ways to do outreach and take actionable steps. Commissioner Marlow said she disagrees that this is a performative action, and said that they can take steps to make the Youth Commission better, and she said that she hopes action is taken at today's meeting because responding to urgent matters is important. Commissioner Marlow added that committee meeting spaces are better to work on this language. Chair Mordehai said that they can pass the resolution today and take concrete steps at the same time. Officer Shulman doesn't think the resolution is performative either, and that it's important to take action at this meeting because the Comms Officers have already included this into their outreach plan. Commissioner Wu said the word "consider" should be changed to show their passion and that they feel stronger about their demands. Officer Glover added comments as well. Commissioner Collins-Howze said the word "consider" wasn't strong enough. Commissioners discussed various words or phrases that might be good to replace "consider", and Commissioner Wu recommended "take into full account".

Officer Shulman, seconded by Officer Glover, motioned to approve Resolution No. 2627-AL-01, with amendments. Discussion:

> Commissioner Trieu said the language still feels not strong enough and that actions mean more than words. Commissioner Wu asked what words he'd like to see addressed. Commissioner Trieu said they should increase words that discuss strengthening outreach. Chair Mordehai clarified again that the resolution is aimed towards the Mayor and the Board of Supervisors, and the actions that the Commission can take is separate and is included in the Comms Officers' Outreach Plan. Commissioner Colbert asked Commissioner Trieu what he wanted in the resolution, to which Trieu said he voiced his concerns but felt that he was not heard, and said he needs more time to consider the resolution since it was sent two days ago. Commissioner Law said there should be a separate conversation about how the Youth Commission can take actionable steps. Officer Glover said that they reached out to every Commissioner to get feedback and input into the resolution, and incorporated it into their outreach plan.
