- b. CA Assembly Bill 2146

Chair Fortgang and Commissioner Liu gave an introduction to the legislation. Commissioner Alameri said it could cause housing providers to give the unit to whomever they want. Chair Fortgang reached out to the Department of Homelessness and Supportive Housing, and while they couldn't give specific responses to some of the questions because they can't take a stance on state legislation, but gave helpful information to some of their questions.

Vice Chair Oram said that it could provide a benefit for some families to get into housing sooner. Chair Fortgang said that she asked Larkin Street Youth Services about this legislation, but they said that this legislation would not affect them very much. Larkin St also said that people realistically wait 8 to 12 months to get housing. Chair Fortgang said they could reach out to one of the

CBOs that has permanent supportive housing to see what impacts this would have on families and transitional-aged youth. Chair Fortgang said she can reach out to Mission Action, and Vice Chair Oram said she can reach out to Compass Family Services.

c. E-Bike State Legislation

Vice Chair Oram explained the legislation and said AB 1557 legislation died in committee, and said it was surprising that Assemblymember Haney supported it since the impacts of the bill would potentially impact e-bike commuters in a negative way. She added that it could be a potential action item to state their concerns of this legislation if it were to be introduced.

Chair Fortgang said that it was discussed in the California Association of Youth Commissions and that youth who live more in the suburban areas of the state are more supportive, since there's a chronic problem of youth getting hurt on e-bikes there. Specialist Ochoa said there was another piece of legislation that is also possibly proposing licensing and registering bikes to DMV to regulate. Chair Fortgang said they should reach out to the SF Bike Coalition to see what their thoughts are on the legislation.

d. Meetings with Appointing Officers

Chair Fortgang asked if anyone has a meeting scheduled with their appointed officers, to which Commissioners said they haven't heard back or are in the process of scheduling it sometime this month.

e. HRT-related Updates

Commissioner Alameri said that SFMTA is increasing bus frequency on some lines in preparation for the World Cup.
