4

5 Section 3. Required Data.

6 (a) The description, location, and boundary of the landmark site consists of the
7 footprint of the Richard Spreckels Mansion / Buena Vista Studios, located on Assessor's
8 Parcel Block No. 1256, Lot No. 078, on the west side of Buena Vista Avenue West between
9 Frederick Street and Central Avenue in San Francisco's Haight Ashbury neighborhood, as
10 shown in the Landmark Designation Fact Sheet.

11 (b) The characteristics of the landmark that justify its designation are described and
12 shown in the Landmark Designation Fact Sheet and other supporting materials contained in
13 Planning Department Record Docket No. 2026-001915DES. In brief, the Richard Spreckels
14 Mansion / Buena Vista Studios, located at 737 Buena Vista Avenue West, is eligible for local
15 designation as an intact example of a Classical Revival home with exemplary features, as the
16 residence of Blanche and Gertrude Partington, and for serving as an early recording studio
17 for 1960s counterculture bands who exemplified the "San Francisco Sound". The property
18 was constructed in 1897 in its present location in the Haight Ashbury neighborhood and
19 designed by Architect Edward J. Vogel. The property's original owner was Richard Spreckels,
20 manager of the Western Sugar Refinery in Potrero Hill, and member of the Spreckels family,
21 who accumulated great wealth from the sugar industry. Spreckels resided at the property until
22 circa 1922. From 1922-1955, sisters Blanche Partington and Gertrude Partington Albright
23 resided at the property. The sisters were San Francisco pop culture notables, with Gertrude
24 associated with the California Impressionism art movement due to her career as a teacher
25 and painter. Located in the Haight-Ashbury, a neighborhood which gained global attention as

1 the hub of hippie counterculture in the 1960s and early 1970s, the subject property is also
2 significant as the location of Buena Vista Studios, known as one of the first hippie-friendly
3 recording studios. While under the ownership of Gene and Sara Estribou, the top floor
4 ballroom was converted into a recording studio. Notably, the Grateful Dead made some of
5 their earliest recordings, known as the Scorpio Records sessions, out of the studio in 1966.
6 Other quintessential San Francisco Bands, including Quicksilver Messenger Service and the
7 Steve Miller Band, also recorded in the studio.

8 (c) The particular features that should be preserved, or replaced in kind as determined
9 necessary, are those generally shown in photographs and described in the Landmark
10 Designation Fact Sheet, which can be found in Planning Department Record Docket
11 No. 2026-001915DES, and which are incorporated in this designation by reference as though
12 fully set forth herein. This designation does not identify any interior character-defining
13 features. Specifically, the features that are character-defining and shall be preserved or
14 replaced in kind are the exterior elevations, form, massing, structure, rooflines, architectural
15 ornament, and materials of the property, identified as:

- 16 (1) Location of the house on the property with front setback;
- 17 (2) Four-story height;
- 18 (3) Projecting shingled roof with dormers, including central pedimented east and
19 north facing dormers and two smaller east facing dormers;
- 20 (4) Cornice line with brackets, dentils, and floriated chains;
- 21 (5) Horizontal wood siding;
- 22 (6) Prominent entryway accessed by front steps, with double wooden entrance
23 doors with transoms and sidelites with leaded glass, and four composite pillars
24 below curved entrance canopy with floriated chains, and denticulated cornice;
- 25

- 1 (7) Above story front balcony with decorative wood balustrades and decorative urns
2 accessed through double doors below palladian windows;
3 (8) Several sets of rectangular windows with floriated designs, flanked and divided
4 by decorative wood colonnettes, below arched transom wood windows with
5 spiderweb muntins, and crown moldings;
6 (9) Smaller round windows at north side with classical inspired moldings and
7 wooden double hung windows with colonnettes and crown molding;
8 10) Classically inspired full height corner facade columns; and
9 11) Rear side double height square bay with wood windows, crown moldings, and
10 classically inspired decorative features.

12 Section 4. Effective Date.
